## CRICE HELD OVER IN POLICE COURT AND GIVES BOND

Man, Who Fired at His Companion's Husband and Shot Bystanders.

Waives Examination on Three Charges.

HE AND WOMAN PAID FINES

John C. Crice, a prominent stock dealer at Wickliffe, Ky., who is alleged to have fired three shots at Peter Vaughan, a tobacco dealer on the night of Thursday, October 27, when Vaughan caught him in company with his wife, Mrs. Jessie Vaughan at the ladies' entrance to the Palmer House, waived a preliminary examination on charges of malicious shooting in police court this morning. In the two cases of malicious shooting and wounding with intent to kill Crice was recognized under \$300 in each case to appear before the grand jury.

He was allowed to give \$500 bail on the third charge of malicious shooting without wounding and with intent to kill upon agreement with County Attorney S. B. Clay.

Crice and Mrs. Vaughan pleaded guilty to a charge of adultery the day following in police court and were fined \$25 each.

At the time of the shooting Mary Riley, a negro, who was in the crowd was struck in the forehead by a bullet, which caused only a flesh wound. Joseph Ashoff, 16 years old, was shot in the knee. The other shot went wild.

Crice is Sued.

An echo of the shooting by J. C. Crice at Peter Vaughan in front of the Palmer House was heard in circuit court today when Mary Riley, colored, filed suit against J. C. Crice for \$2,100 damages. She alleges that by the careless shooting by Crice a bullet struck her on the head and inflicted a painful wound. Her medical bill, she alleges, is \$100, and by reason of the mental suffering and loss of time in work she says that she ought to recover at least \$2,100. The Riley woman was walking along Broadway.

## GRIP OF BIG STORM

COMMUNICATION WITH EASTERN TOWNS HAMPERED.

New York, Nov. 5.—A storm of midwinter intensity which came booming up the Atlantic coast last night, bringing with it sharp gales and heavy falls of snow and rain, left today a broad trail of broken wire communication along the seaboard. Telegraph companies were beset with difficulties in all directions. The storm was apparently severest between Baltimore and Washington, all wires being down between those cities.

Pennsylvania suffered from a soggy, clinging snow and wires across the state were either down or worked only intermittently. Early communication with Chicago was obtained by way of Boston, thence to the west.

Communication with eastern points was affected by the storm, which brought down the snow-coated wires.

Broken wire communications affected some of the railroads and trains from distant points were in some cases far behind their schedules.

A steamer believed to be a storm victim was reported anchored off Sandy Hook in a disabled condition. She is the French steamer Honduras, from New Orleans, October 23, for Dunkirk and Havre, and presumably made this port for refuge in her crippled state and to effect repairs.

Death for Uxoricide.

Norfolk, Va., Nov. 5.—John J. Smyth was today sentenced to death for the murder of his wife. Bullets intended for Mrs. Smyth also killed a 13-year-old daughter. Smyth will be electrocuted at Richmond on December 8. With no funds for appeal, counsel for the defendant will lay the record in the case before Gov. Mann, in the hope that the sentence may be commuted to life imprisonment.

## Campaign For Congress Comes to Close With Both Sides Claiming Safe Majority in the Lower House

Theodore Roosevelt Will Make Big Speech of Ohio Campaign at Cleveland Tonight—Hurries by Chicago.

Chicago, Nov. 5.—In Tuesday's election members of congress will be elected from every state in the union, excepting Maine and Vermont. These two states and Arkansas and Georgia have already held their elections, but in the two southern states, state officers alone were chosen.

Twenty-five states will choose complete state tickets. Congressman McKinley, at the Republican headquarters, predicted the next house will be Republican by a "safe working majority." The Democrats claim the next congress by 51 majority.

Roosevelt Handed for Ohio.

Chicago, Nov. 5.—Wearied by a day of rapid fire campaigning in Iowa, Colonel Roosevelt sought no burials here today when he was en route east. He left the train at Englewood, and drove over the south side for an hour, and proceeded to Toledo. At Cleveland tonight, he will make the big speech of the Ohio campaign.

Burn Hill.

Clinton, Ky., Nov. 5.—Buna Hill died at the home of J. W. Bostic, after an illness of a year or more, during which he suffered greatly. He was 38 years of age and is survived by his wife and three children. The burial was conducted by the Woodmen of the World, to which order he belonged.

CASHIER, LOOTER OF BANK, COMMITS SUICIDE.

Sea Side, Ore., Nov. 5.—Edward Henninger, cashier of the Sea Side National bank, committed suicide in the front yard of his home here as a sequel to the alleged looting of the bank of all its deposits.

JOB FOR THE HOUNDS  
WAS THEN OVERLOOKED

Spying an unknown man prowling around in the back yard, Mrs. Halene Mason, 722 South Sixth street, exhibited rare pluck last night when she fired three shots at the intruder, who made his escape by leaping the back fence. Her marksmanship was a trifle bad, but the shots served the purpose of defeating the prowler, whom, it is thought, was a chicken thief.

About 10 o'clock Mrs. Mason heard a noise in the back yard, and securing the pistol, she went to the kitchen. Looking out the window she could see the form distinctly, and fired.

Tracks could be distinguished distinctly in the alley. The police were not notified of the shooting until this afternoon or the new bloodhounds might have been assigned to the job of looking up the prowler.

## Fourth Street Bridge Said to Be Settling

The east pier near the middle of the Fourth street bridge over Island creek has settled several inches, and throwing the bridge out of line. As a result heavy wagons are prohibited from crossing the bridge, and Patrolman Mike Dugan was placed on duty this afternoon. Carriages and light vehicles are permitted to cross the bridge at a slow speed. An examination of the condition of the bridge is being made this afternoon, the settling of the pier having been reported to Ernest Bell, street inspector.

## AN EDITORIAL

The News-Democrats has too deep an interest in the schools of Paducah to urge other than one caution on the voters in this city who go to the polls Tuesday to select members for the school board and that caution is that they give the matter of selecting the men to fill these important positions, serious and earnest consideration and vote for the ones who, in their estimation, will, in their official capacity, bring the best service to the schools of Paducah. This done and they will have done their duty. This is a question which should appeal to every home builder in Paducah; a question which has its foundation on the very hearthstone and forms one of the most sacred trusts which a voter can take upon himself. In the measure that the schools of Paducah radiate their beneficial influence, in the same measure will men and women of tomorrow show evidence of this benefit. The schools of Paducah cannot be made too well equipped or efficient. The boys and girls of Paducah deserve every benefit. In an educational line, that can be given and the worth of the schools depends largely on the wisdom of the school board having their management in hand. The one duty above all else before every voter who goes to the polls next Tuesday is to assist in the selection of the men best qualified to bring the schools to the highest state of general worth. This is the one and only issue on the school question, so far as we can see it.—News-Democrat.

FEHRINGER GETS A TWO-YEAR SENTENCE.

Bank clearings, week. \$775,995

This week has been good in local business circles as reflected by the bank clearings of this week. All lines of trade report excellent business. The most interesting news of the week is the movement of freight by the Burlington railroad. The first actual shipments were received in the city this week, while yesterday the first freight was transferred from Paducah to the Burlington at Metropolis. Beginning December 1, and possibly November 15, the contract between the Illinois Central and Burlington railroads for the transferring of 50 cars a day will become effective. Freight business with the railroads is good, but hardly as rushing as it was a few weeks ago.

## Blacksmiths of Illinois Central System Complete Their Work Here And Adjourn After Election

Barney B. Claery, of Paducah Is Re-elected as Business Agent—Chicago Man President.

After a two days splendid session the members of district council, No. 9, of the Brotherhood of Blacksmiths and Helpers of the Illinois Central system adjourned this afternoon after the annual election of officers to meet in Clinton, Ill., in February, 1912. The delegates will return to their homes tonight and early tomorrow morning. They were warm in their praise of the hospitality extended during their visit in Paducah, and extended a vote of thanks to the Paducah committee, which had charge of the arrangements.

The election of officers was characterized by friendly rivalry. Barney B. Claery, of Paducah, was re-elected business agent of the council. S. J. Osten, of Chicago, was elected president; M. P. ## THREE THOUSAND DOLLAR VERDICT IN DAMAGE CASE

Largest Amount Awarded By Jury at This Term of Circuit Court.

Little Boy Recovers Against I. C.

HARD FOUGHT TRIAL ENDED

The largest verdict returned at this term of circuit court was brought in this morning by the jury in the personal injury suit of Ray Ethridge against the Illinois Central railroad when \$3,000 was awarded to the plaintiff.

It was a case that was closely contested, and occupied the greater part of two days for the evidence and arguments. Ethridge is a small lad in short trousers and last year was injured while at the intersection of the railroad tracks and Jones street near Sixteenth street.

The defense sought to prove that the lad was hanging on the rear of a freight train, while the plaintiff introduced testimony to show that a freight train backed across the crossing and struck the lad, crushing his leg and making amputation necessary. The plaintiff sued for \$25,000.

The evidence was heard yesterday and the arguments were concluded this morning. Attorneys Crossland & Crossland and Hon. John K. Hendrick represented the plaintiff while Attorneys Wheeler & Hughes represented the railroad.

A motion was made this morning by E. W. Stewart in the suit of E. W. Stewart against J. E. Smith and T. J. Murphy to have a receiver appointed for the Listerine Soap company. He claims that the company is operating at a loss. The motion will be heard on November 11.

The trial docket for Monday is: Ruby Parker vs. the Paducah Box and Basket company.

Ernest Elmdorf vs. T. S. Vickers.

Elizabeth Zeigler vs. Illinois Central.

Sweet Jones vs. L. C. Hibbs.

The shooting followed an exchange of personalities.

## "LES ROMANESQUES"

The prettiest, cleanest, merriest comedy that has been seen in the Kentucky theater in seasons, was missed last night by the majority of Paducah theater-goers. "Les Romanesques" played to a house that reflected discredit on the city. Every part in the play was taken by a competent, intelligent player, obviously elected with care for the part. John Nicholson, who heads the company, is an actor of intellect and individuality, and his portrayal of the swashbuckler type has, perhaps, no equal. There is not a line or situation in "Les Romanesques" that is not a thought suggested that is not wholesome; the satire on the Romeo and Juliet romance is delicious, and withal it kept the small audience last night in peals of laughter, and the applause was as vociferous, as if the house had been packed. The performance simply carried the audience away. Press reports from other cities, where the company played before coming to Paducah, gave ample notice to Paducahans that they might expect something unusually good; and it is discouraging to the theatrical interests of the city, that so notable attraction should be neglected.

Chicago, Nov. 5.—International President Rickert, of the Garment Workers, this afternoon signed an agreement with Hart, Shaffer & Marx by which \$15,000 workers will return to work, pending arbitration.

Kinnard today asked the adjutant general to muster out his company, as he would not order his men to go to guard duty when they are subject to conviction by civil authorities for obeying military orders.
